THE ATELIER

Where Roman Craft Meets *Modern Design*

For over two thousand years, mosaic has transformed architecture through the meticulous placement of individual pieces of stone and glass. We preserve that traditional craftsmanship while adapting it to the scale, precision, and creative requirements of contemporary spaces.

Every project is made to order. Starting from a concept, artwork, logo, pattern, or architectural drawing, our designers develop a custom mosaic tailored to the project's exact dimensions, shape, colors, materials, and application.

Our artisans then bring the design to life one tessera at a time, using natural marble and glass to create pieces for interiors, exteriors, floors, walls, pools, hospitality spaces, commercial environments, and large-scale architectural installations.

From a single statement piece to a multi-surface project, we collaborate with architects, interior designers, developers, contractors, and hospitality professionals from concept and rendering through production and delivery.

Ancient technique. Contemporary design. Made entirely for your project.

INSIDE THE ATELIER

A rare look into the making of each commission.

Every mosaic is meticulously cut and set by hand by our artisans. Throughout the process, we document the work at the bench and share progress photographs with our clients — an intimate view of the craftsmanship as each piece takes form.

 HAND-CUT

 HAND-SET

 MADE TO SPECIFICATION

 PROGRESS DOCUMENTED

Art Made for the Water

Bespoke mosaics transform pools into distinctive architectural features. Designed to interact beautifully with water, light, and movement, each composition is handcrafted for its setting — from refined motifs and medallions to large-scale custom artwork. Created for submerged environments and tailored to the dimensions, palette, and vision of each project.

Functional Art, Made to Endure

Bespoke mosaics bring artistry and craftsmanship to benches, tabletops, and custom furniture pieces. Each surface is designed as a unique composition, tailored to the form, scale, and character of its setting. From refined decorative patterns to fully custom artwork, every piece transforms a functional surface into a distinctive design statement.

Crafted for Private Spaces

From feature walls and shower surrounds to floors and decorative details, bespoke mosaics introduce texture, artistry, and permanence to bathroom interiors. Each commission is tailored to its environment, allowing designers to carry a unique visual language across both intimate details and expansive surfaces.

A Statement in Stone & Glass

A mosaic backsplash brings craftsmanship into one of the most considered spaces of the home. From subtle patterns to fully bespoke compositions, each piece is designed around the architecture, material palette, and character of the interior. Handcrafted to create a focal point that feels entirely integrated with the space.

The Wall as the Artwork

A mosaic wall is the one surface of a room that cannot be replaced later. Framed panels, full-height walls and exterior murals are drawn to the architecture that will carry them and cut in natural marble, hand-poured glass and metal leaf — a reproduction, an original, or a piece developed from your own brief.

The Floor Sets the Room

A mosaic floor gives a space its character before anything standing in it is noticed. From entrance halls and lobbies to living rooms, courtyards and walkways, each composition is drawn to the room’s own dimensions and laid to its setting-out lines. Cut in natural marble for the traffic it will carry, and — outdoors — for frost, rain and sun.

Made for Places of Worship

Mosaic has carried sacred imagery for two thousand years, and the craft has not changed. Calligraphy, icons, domes and mihrab surrounds are drawn to the architecture that will hold them, cut in natural marble and hand-poured glass, and set to outlast the fabric of the building around them.

CUSTOMISATION

Designed without limits. *Hand-cut for your project.*

Every commission is developed around your creative direction, architectural requirements, and material palette. From initial artwork and renderings to final production, each mosaic is made specifically for its setting.

01

SIZE

Made to measure

Produced to your exact dimensions and drawings, including large-scale formats, irregular outlines, curved edges, and site-specific configurations.

DECIDED BY YOUR DRAWING

02

COLOUR

Tailored palettes

Select from an extensive palette of natural stone and glass, or develop a colour direction around your material, fabric, or finish references.

DECIDED TOGETHER

03

DESIGN

Bespoke artwork

Created from original artwork, photography, patterns, monograms, or your own design brief — developed specifically for the project.

DRAWN BY THE ATELIER, TO YOUR BRIEF

Tessera scale set against the viewing range · polished, honed, or the Roman old technique · mesh-backed square edge, a bevelled border, or a frame made for the piece

TECHNICAL

The numbers a specifier asks for first.

HEADLINE FIGURES ONLY · TESTED TO ASTM, UNI EN ISO AND DIN STANDARDS, WITH BATCH CERTIFICATES ISSUED ON THE ORDER · FULL SPECIFICATION SHEETS ON REQUEST

MATERIAL	FORMAT	PERFORMANCE	INSTALLATION
Marble Natural stone, cut by hand	Sheet size 300 × 300 mm nominal, joint ~1 mm	Water absorption ≤ 0.5% on marble, ≈ 0% on glass	Adhesive & grout Epoxy in wet, outdoor and submerged work
Hand-poured glass Full-body colour, with metal leaf	Weight Glass ≈ 10 kg/m². Stone 13–15 kg/m²	Frost & thermal shock Resistant — specified for outdoor and submerged work	Waterproofing Required in showers, bathrooms, fountains and pools
Engineered stone Quartz, bound with resin	Panels Numbered to a setting-out key, crated in sequence	Chemical resistance Class A on glass; colour does not change with age	Movement joints At perimeters and every change of plane; silicone, never rigid grout
Backing Mesh-backed, for straightforward installation	Applications Walls and floors, interior and exterior, wet areas and fully submerged	Slip resistance R9–R11 by finish. DCOF ≥ 0.42 interior wet, ≥ 0.60 exterior	Care Sealing required on marble. pH-neutral cleaning, never acidic or abrasive
Thickness 5 mm or 7 mm , depending on the design	Technique Hand-cut throughout. Polished, or the Roman old technique		

GLASS — COLOUR CHART

Colour runs through the body of the glass, so a cut edge matches the face. Iridescent and metal-leaf ranges included · any colour can be specified by its code.

FROM IDEA TO INSTALLATION

Seven stages, one team, no hand-offs.

- 01 Brief**
Drawings, dimensions and references — with photographs or a video walk-through of the space where possible.
- 02 Design, sketch & rendering**
The composition drawn as a master sketch, then returned as a rendering in your own space before anything is cut.
- 03 Material lay-up**
The actual stones and glass cut and laid up physically, photographed for sign-off.
- 04 Cutting drawing**
Setting-out lines, panel divisions and a numbered key, coordinated with your programme.
- 05 Atelier production**
Cut and set by hand at the bench, photographed at agreed stages so you watch it grow.
- 06 Delivery**
Crated by panel sequence with the key, schedule and spare tesserae from the same batch.
- 07 Installation**
Fitted by your own contractor, working from our drawings, the numbered panels and the installation guide.

One contact, one drawing set, one record

Nothing is subcontracted. The atelier that draws it is the atelier that cuts it.

Built for the way design studios actually work.

SUPPORT

- ◇ Named contact for the whole commission — design through installation
- ◇ Free master sketch and rendering of the mosaic in your space, for your client presentation
- ◇ Complimentary design consultation with our in-house interior designers
- ◇ Specification, technical data and maintenance sheets for your file
- ◇ An installation guide, with the setting-out key, for your fitter

PROGRAMME

Design & approval	<u>To confirm °</u>
Production	<u>To confirm °</u>
Delivery	Worldwide, free and insured
Minimum order	<u>To confirm °</u>

Lifetime warranty

On materials and workmanship. Replacement tesserae from the original batch stay available against the commission record for years.

COMMERCIAL

- ◇ Trade pricing for architects, interior designers and contractors
- ◇ Staged payment aligned to design, production and delivery
- ◇ Satisfaction promise on the finished work

Bespoke mosaic, *made only once*

HANDCRAFTED TO ORDER

Natural marble and hand-poured glass, cut and set
for a single project

FREE INSURED WORLDWIDE SHIPPING

Crated by panel sequence with drawings and spare
tesserae

LIFETIME WARRANTY
