

— MOSAIC ART ATELIER

Handcrafted  
Natural  
Marble & Glass  
Mosaics  
for *Luxury Interiors*  
& *Exteriors*.

THE ATELIER

## Where Roman Craft Meets *Modern Design*

For over two thousand years, mosaic has transformed architecture through the meticulous placement of individual pieces of stone and glass. We preserve that traditional craftsmanship while adapting it to the scale, precision, and creative requirements of contemporary spaces.

Every project is made to order. Starting from a concept, artwork, logo, pattern, or architectural drawing, our designers develop a custom mosaic tailored to the project's exact dimensions, shape, colors, materials, and application.

Our artisans then bring the design to life one tessera at a time, using natural marble and glass to create pieces for interiors, exteriors, floors, walls, pools, hospitality spaces, commercial environments, and large-scale architectural installations.

From a single statement piece to a multi-surface project, we collaborate with architects, interior designers, developers, contractors, and hospitality professionals from concept and rendering through production and delivery.

*Ancient technique. Contemporary design. Made entirely for your project.*

THE DETAIL

*Thousands of tesserae,  
placed by hand.*

A rare look into the making of each commission.

Every mosaic is meticulously cut and set by hand by our artisans. Throughout the process, we document the work at the bench and share progress photographs with our clients — offering an intimate view of the craftsmanship as each piece takes form.

HAND-CUT · HAND-SET · MADE TO ORDER · DOCUMENTED THROUGHOUT

Made to be looked at through water.

- ◇ Frost, salt and chemical resistant
- ◇ Full-bodied glass — colour never fades
- ◇ 24k gold and silver leaf keeps its lustre wet
- ◇ Floors, waterlines, steps, coping and water features

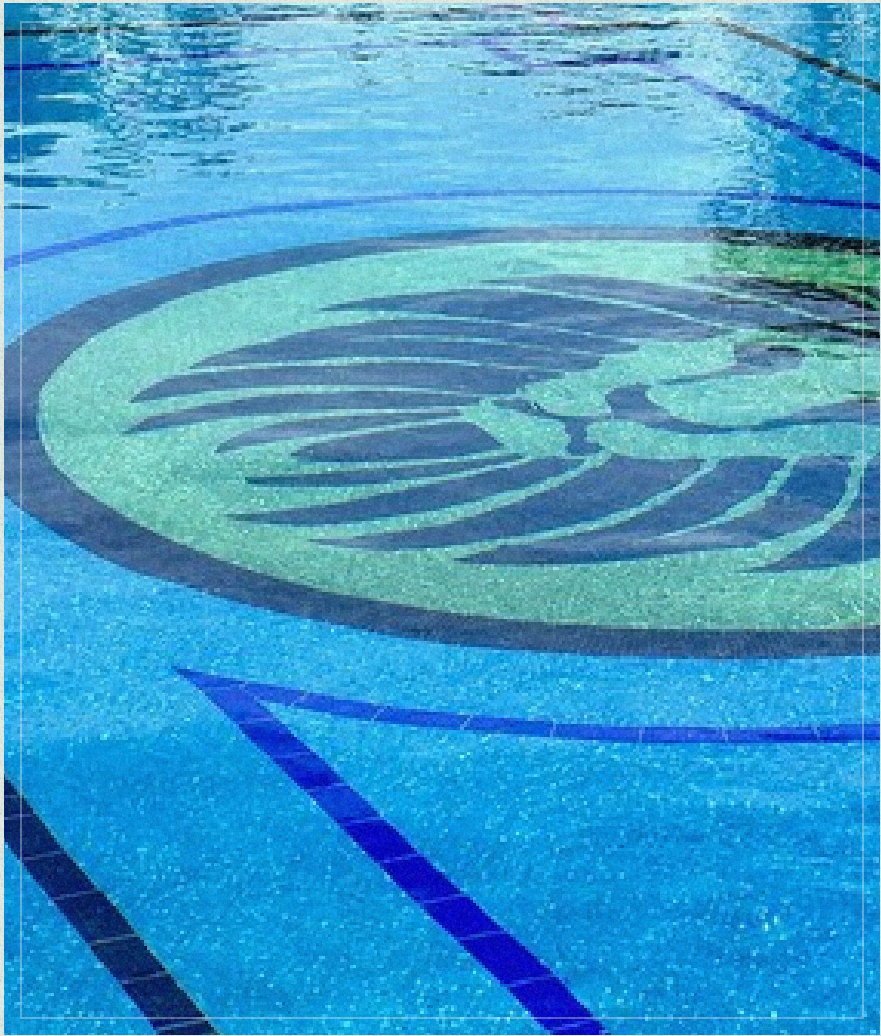

TABLE TOPS & BENCHES — INSTALLED

A mosaic you can sit at, and sit on.

- Any diameter — round, oval or square, to your drawing
- Supplied as a top, or on a base we fabricate
- Benches curved or straight, free-standing or built in
- Frost-resistant and weatherproof for terrace and garden

Mosaic belongs in wet areas.

Stone and glass were the original wet-area surface, and they still are. Set on a tanked substrate in epoxy, a mosaic goes anywhere water goes — shower walls and ceilings, steam rooms, wet-room floors, bath surrounds, hammams and spas — and stays there.

- ◇ Water absorption  $\leq 0.5\%$  to ASTM C373
- ◇ Wet-area slip resistance DCOF  $\geq 0.42$
- ◇ Epoxy adhesive and grout throughout
- ◇ Cut around niches, benches, drains and glass

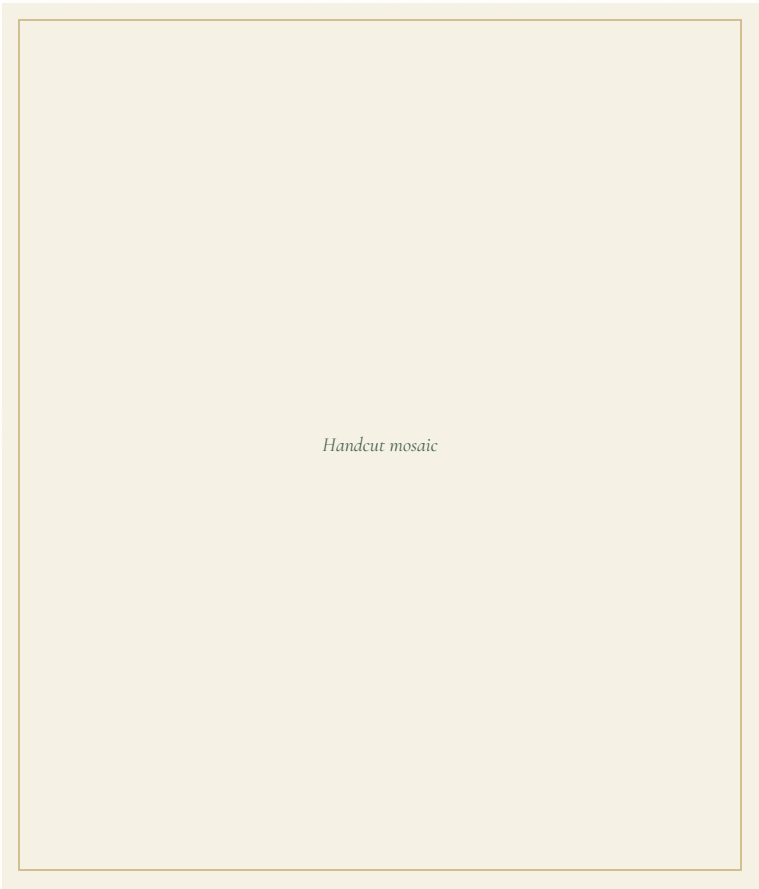

The wall a family stands in front of every day.

- ◇ Grout joint ~1 mm — a nearly continuous surface
- ◇ Epoxy grout: no staining from oil, wine or citrus

- ◇ Cut around sockets, rails and extractor returns
- ◇ Scaled to the run so the pattern completes at both ends

Three ways to hold a design in stone.

*Handcut mosaic*

HANDCUT MOSAIC

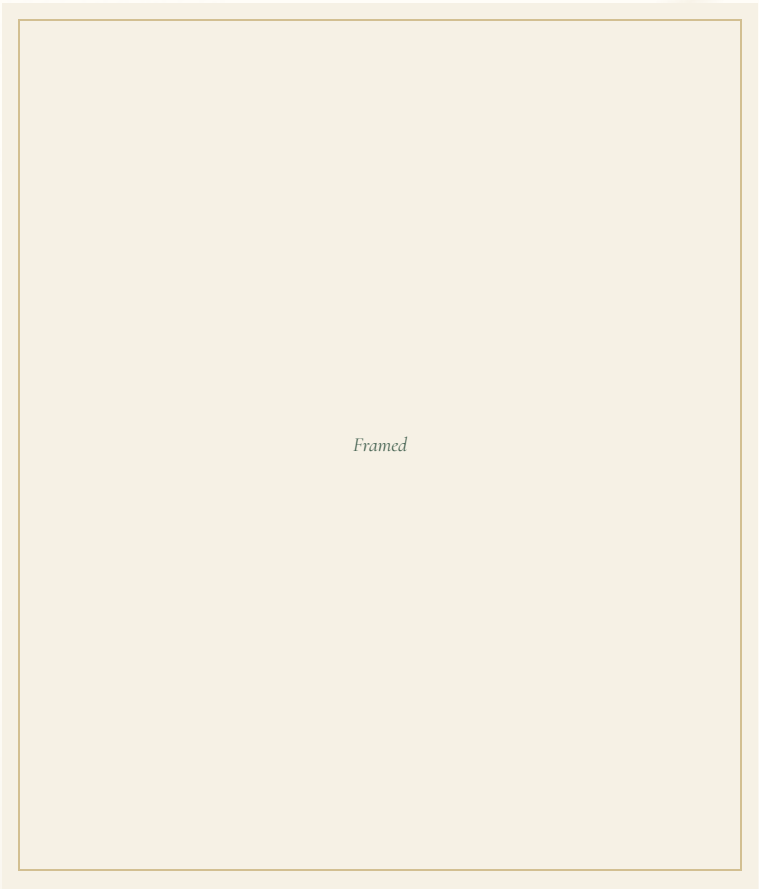

Cut and set by hand from 3 mm stone and 4 mm glass, delivered mesh-backed and numbered.

*Roman technique, polished*

ROMAN TECHNIQUE, POLISHED

Irregular natural tesserae laid in the ancient Roman method, then hand-polished to a flat, deep-lustre surface.

*Framed*

FRAMED

A frame made for the piece it surrounds. Turns a mosaic into a hung artwork rather than a fixed surface.

## CUSTOMISATION

If you can imagine it,  
we can *hand-cut it in stone*.

Nothing comes from a catalogue — and you see a free master sketch and rendering of the piece in your own room before a single tessera is cut.

01

### SIZE

---

Cut to your drawing, not to a standard sheet. Irregular outlines and curved edges included.

02

### COLOUR

---

Forty-two marbles, six engineered stones, the full glass range — or matched to a fabric or paint reference.

03

### DESIGN

---

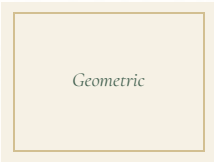

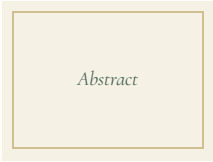

Your artwork, a photograph, a monogram, a historical pattern — or an original drawn to your brief.

# What you specify, and what we decide together.

| VARIABLE       | RANGE                                                                                                     | DECIDED BY           |
|----------------|-----------------------------------------------------------------------------------------------------------|----------------------|
| Size & shape   | Any dimension, any outline — medallions, full walls, stair risers, pool floors, table tops, framed panels | Client drawing       |
| Composition    | Figurative, portrait, botanical, geometric, nautical, historical — or an original to your brief           | Atelier, to brief    |
| Palette        | 42 natural marbles · 6 engineered stones · full glass and metal-leaf range                                | Together             |
| Tessera scale  | Fine work for detail, broader cuts for distance — set against viewing range                               | Atelier              |
| Surface finish | Polished, honed, tumbled, Roman polished                                                                  | Together             |
| Edge & frame   | Mesh-backed square edge, bevelled border, or a made frame                                                 | Together             |
| Rendering      | A free visual of the finished mosaic in your own space, before cutting                                    | Atelier — at no cost |

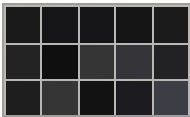

Twenty collections, and none of them a limit.

A STARTING POINT, NOT A CATALOGUE — EVERY ONE RE-  
CUT TO YOUR PALETTE AND DIMENSIONS

|                                                                                   |                                                                                   |                                                                                   |                                                                                    |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |

# Product data.

FIGURES ROUNDED TO THE NEAREST WHOLE UNIT. EVERY MOSAIC IS WEATHERPROOF AND SUITABLE FOR INDOOR AND OUTDOOR INSTALLATION.

| ITEM              | SPECIFICATION                                                                                                                                           |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Natural stone     | Marble, onyx, travertine and granite, selected for vein before cutting. Thickness <b>5 mm</b> .                                                         |
| Hand-poured glass | Full-body colour, no cut edges to <u>oxidise</u> °. Thickness <b>4 mm</b> . Metal-leaf glass with 24k gold, white gold or copper sealed between layers. |
| Engineered quartz | Natural quartz aggregate bound with resin. Mohs 7, water absorption approximately 0.02%. Thickness <b>8 mm</b> .                                        |
| Backing           | Fibreglass netted mesh on every sheet and panel, so the trade fixes the tile and not the tessera.                                                       |

| ITEM             | SPECIFICATION                                                                                            |
|------------------|----------------------------------------------------------------------------------------------------------|
| Sheet size       | <b>300 × 300 mm</b> nominal, joint ~1 mm. Panels numbered to a setting-out key.                          |
| Weight           | Glass ≈ 10 kg/m². Stone 13–15 kg/m², by thickness.                                                       |
| Max single panel | <u>To confirm</u> ° — larger artworks split on the drawing and numbered.                                 |
| Tolerance        | Sheet within 1 mm; outline within <u>to confirm</u> °.                                                   |
| Applications     | Walls and floors, interior and exterior, wet areas and fully submerged. Decorative and functional alike. |

# Material performance.

TESTED VALUES AGAINST RECOGNISED STANDARDS. BATCH CERTIFICATES ISSUED WITH THE ORDER.

## NATURAL MARBLE

| TEST                 | STANDARD          | RESULT            |
|----------------------|-------------------|-------------------|
| Water absorption     | ASTM C373         | ≤ 0.5%            |
| Flexural strength    | ASTM C880 / C1161 | ≥ 10 MPa          |
| Compressive strength | ASTM C170         | ≥ 50 MPa          |
| Thermal expansion    | ASTM C531         | Stable            |
| Frost resistance     | ASTM C650         | Pass              |
| Slip resistance      | DIN 51130         | R9–R11, by finish |

## HAND-POURED GLASS

| TEST                | STANDARD            | RESULT    |
|---------------------|---------------------|-----------|
| Water absorption    | UNI EN ISO 10545-3  | ≈ 0%      |
| Thermal shock       | UNI EN ISO 10545-9  | Resistant |
| Frost resistance    | UNI EN ISO 10545-12 | Resistant |
| Chemical resistance | UNI EN ISO 10545-13 | Class A   |
| Colour resistance   | DIN 51094           | No change |
| Bond strength       | ASTM C482           | ≥ 350 kPa |

# Installation, site & care.

ANY COMPETENT TILING CONTRACTOR CAN FIX MESH-BACKED PANELS. THESE ARE THE CONDITIONS THE WORK NEEDS.

| ITEM            | REQUIREMENT                                                                                                                |
|-----------------|----------------------------------------------------------------------------------------------------------------------------|
| Substrate       | Flat, sound, dry and free of contaminants before any mosaic is fixed.                                                      |
| Waterproofing   | <b>Required</b> in showers, bathrooms, fountains and pools — a compliant tanking system applied and tested first.          |
| Adhesive        | <b>Epoxy required</b> for wet, outdoor and submerged work. White or light adhesive under translucent glass and pale stone. |
| Grouting        | Unsanded epoxy on glass, mandatory in wet areas and pools. Grout colour changes how the whole piece reads — sampled first. |
| Movement joints | <b>Mandatory</b> at perimeters, internal corners and every change of plane; silicone, never rigid grout.                   |

| ITEM               | REQUIREMENT                                                                                                  |
|--------------------|--------------------------------------------------------------------------------------------------------------|
| Slip resistance    | DCOF ≥ 0.42 interior wet, ≥ 0.60 exterior. Honed and tumbled finishes hold more grip than polished.          |
| Sealing            | <b>Required on marble.</b> Penetrating sealer before grouting, and on the cycle the site specifies.          |
| Cleaning           | pH-neutral cleaner and a soft cloth. Never acidic, abrasive or bleach-based on natural stone.                |
| Pool commissioning | Cure the adhesive and grout fully before filling; then balance the water before the surface is used.         |
| Delivery           | Crated by panel sequence with the setting-out key, material schedule and spare tesserae from the same batch. |

## Seven stages, one team, no hand-offs.

# Built for the way design studios actually work.

SUPPORT

- ◇ Named contact for the whole commission — design through installation
- ◇ Free master sketch and rendering of the mosaic in your space, for your client presentation
- ◇ Complimentary design consultation with our in-house interior designers
- ◇ Physical sample boards and material layouts for client meetings
- ◇ Specification, technical data and maintenance sheets for your file
- ◇ Site measurement and installation supervision

PROGRAMME

|                   |                             |
|-------------------|-----------------------------|
| Design & approval | <u>To confirm °</u>         |
| Production        | <u>To confirm °</u>         |
| Delivery          | Worldwide, free and insured |
| Minimum order     | <u>To confirm °</u>         |

Lifetime warranty

On materials and workmanship. Replacement tesserae from the original batch stay available against the commission record for years.

COMMERCIAL

- ◇ Trade pricing for architects, interior designers and contractors
- ◇ Fixed quotation against an approved drawing — no square-metre creep
- ◇ Staged payment aligned to design, production and delivery
- ◇ Spare tesserae from the same batch supplied with every commission
- ◇ Free insured worldwide shipping, direct from the atelier
- ◇ Satisfaction promise on the finished work

BEGINNING A COMMISSION

Send us a drawing  
and a reference.  
We will do the rest.

WHAT HELPS US QUOTE QUICKLY

- ◇ Finished dimensions, or a plan with a scale
- ◇ The surface it will sit on, and whether it is wet, submerged or exterior
- ◇ Reference images — anything from a photograph to a colour swatch
- ◇ The site programme, and when the mosaic is needed

Give us a drawing and a reference, and we will do the rest.

**LIFETIME WARRANTY**

On materials and workmanship

## Bespoke mosaic, *made only once*
