Handcrafted  
Natural  
Marble & Glass  
Mosaics  
for *Luxury Interiors*  
& *Exteriors*.

THE ATELIER

## Where Roman Craft Meets *Modern Design*

For over two thousand years, mosaic has transformed architecture through the meticulous placement of individual pieces of stone and glass. We preserve that traditional craftsmanship while adapting it to the scale, precision, and creative requirements of contemporary spaces.

Every project is made to order. Starting from a concept, artwork, logo, pattern, or architectural drawing, our designers develop a custom mosaic tailored to the project's exact dimensions, shape, colors, materials, and application.

Our artisans then bring the design to life one tessera at a time, using natural marble and glass to create pieces for interiors, exteriors, floors, walls, pools, hospitality spaces, commercial environments, and large-scale architectural installations.

From a single statement piece to a multi-surface project, we collaborate with architects, interior designers, developers, contractors, and hospitality professionals from concept and rendering through production and delivery.

*Ancient technique. Contemporary design. Made entirely for your project.*

INSIDE THE ATELIER

A rare look into the making of each commission.

Every mosaic is meticulously cut and set by hand by our artisans. Throughout the process, we document the work at the bench and share progress photographs with our clients — an intimate view of the craftsmanship as each piece takes form.

 HAND-CUT

 HAND-SET

 MADE TO SPECIFICATION

 PROGRESS DOCUMENTED

# Art Made for the Water

Bespoke mosaics transform pools into distinctive architectural features. Designed to interact beautifully with water, light, and movement, each composition is handcrafted for its setting — from refined motifs and medallions to large-scale custom artwork. Created for submerged environments and tailored to the dimensions, palette, and vision of each project.

# Functional Art, Made to Endure

Bespoke mosaics bring artistry and craftsmanship to benches, tabletops, and custom furniture pieces. Each surface is designed as a unique composition, tailored to the form, scale, and character of its setting.

From refined decorative patterns to fully custom artwork, every piece transforms a functional surface into a distinctive design statement.

# Crafted for Private Spaces

From feature walls and shower surrounds to floors and decorative details, bespoke mosaics introduce texture, artistry, and permanence to bathroom interiors.

Each commission is tailored to its environment, allowing designers to carry a unique visual language across both intimate details and expansive surfaces.

WATER ABSORPTION  $\leq 0.5\%$  · EPOXY ADHESIVE AND GROUT THROUGHOUT · WET-AREA SLIP RESISTANCE DCOF  $\geq 0.42$

# A Statement in Stone & Glass

A mosaic backsplash brings craftsmanship into one of the most considered spaces of the home. From subtle patterns to fully bespoke compositions, each piece is designed around the architecture, material palette, and character of the interior.

Handcrafted to create a focal point that feels entirely integrated with the space.

GROUT JOINT ~1 MM · EPOXY GROUT: NO STAINING FROM OIL, WINE OR CITRUS · CUT AROUND SOCKETS, RAILS AND EXTRACTOR RETURNS

# The Floor Sets the Room

A mosaic floor gives a space its character before anything standing in it is noticed. From entrance halls and lobbies to living rooms, courtyards and walkways, each composition is drawn to the room's own dimensions and laid to its setting-out lines. Cut in natural marble for the traffic it will carry, and — outdoors — for frost, rain and sun.

INDOOR AND OUTDOOR

ANY OUTLINE, TO YOUR DRAWING

## Three ways to hold a design in stone.

HANDCUT MOSAIC

Cut and set by hand from 3 mm stone and 4 mm glass, delivered mesh-backed and numbered.

ROMAN TECHNIQUE, POLISHED

Irregular natural tesserae laid in the ancient Roman method, then hand-polished to a flat, deep-lustre surface.

FRAMED

A frame made for the piece it surrounds. Turns a mosaic into a hung artwork rather than a fixed surface.

## CUSTOMISATION

If you can imagine it,  
we can *hand-cut it in stone*.

Nothing comes from a catalogue — and you see a free master sketch and rendering of the piece in your own room before a single tessera is cut.

### 01

#### SIZE

---

Cut to your drawing, not to a standard sheet. Irregular outlines and curved edges included.

### 02

#### COLOUR

---

Forty-two marbles, six engineered stones, the full glass range — or matched to a fabric or paint reference.

### 03

#### DESIGN

---

Your artwork, a photograph, a monogram, a historical pattern — or an original drawn to your brief.

CUSTOMISATION

What you specify, and what we decide together.

| VARIABLE       | RANGE                                                                                                     | DECIDED BY           |
|----------------|-----------------------------------------------------------------------------------------------------------|----------------------|
| Size & shape   | Any dimension, any outline — medallions, full walls, stair risers, pool floors, table tops, framed panels | Client drawing       |
| Composition    | Figurative, portrait, botanical, geometric, nautical, historical — or an original to your brief           | Atelier, to brief    |
| Palette        | 42 natural marbles · 6 engineered stones · full glass and metal-leaf range                                | Together             |
| Tessera scale  | Fine work for detail, broader cuts for distance — set against viewing range                               | Atelier              |
| Surface finish | Polished, honed, tumbled, Roman polished                                                                  | Together             |
| Edge & frame   | Mesh-backed square edge, bevelled border, or a made frame                                                 | Together             |
| Rendering      | A free visual of the finished mosaic in your own space, before cutting                                    | Atelier — at no cost |

# Product data.

FIGURES ROUNDED TO THE NEAREST WHOLE UNIT. EVERY MOSAIC IS WEATHERPROOF AND SUITABLE FOR INDOOR AND OUTDOOR INSTALLATION.

| ITEM              | SPECIFICATION                                                                                                                                           |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Natural stone     | Marble, onyx, travertine and granite, selected for vein before cutting. Thickness <b>5 mm</b> .                                                         |
| Hand-poured glass | Full-body colour, no cut edges to <u>oxidise</u> °. Thickness <b>4 mm</b> . Metal-leaf glass with 24k gold, white gold or copper sealed between layers. |
| Engineered quartz | Natural quartz aggregate bound with resin. Mohs 7, water absorption approximately 0.02%. Thickness <b>8 mm</b> .                                        |
| Backing           | Fibreglass netted mesh on every sheet and panel, so the trade fixes the tile and not the tessera.                                                       |

| ITEM             | SPECIFICATION                                                                                            |
|------------------|----------------------------------------------------------------------------------------------------------|
| Sheet size       | <b>300 × 300 mm</b> nominal, joint ~1 mm. Panels numbered to a setting-out key.                          |
| Weight           | Glass ≈ 10 kg/m². Stone 13–15 kg/m², by thickness.                                                       |
| Max single panel | <u>To confirm</u> ° — larger artworks split on the drawing and numbered.                                 |
| Tolerance        | Sheet within 1 mm; outline within <u>to confirm</u> °.                                                   |
| Applications     | Walls and floors, interior and exterior, wet areas and fully submerged. Decorative and functional alike. |

# Material performance.

TESTED VALUES AGAINST RECOGNISED STANDARDS. BATCH CERTIFICATES ISSUED WITH THE ORDER.

## NATURAL MARBLE

| TEST                 | STANDARD          | RESULT            |
|----------------------|-------------------|-------------------|
| Water absorption     | ASTM C373         | ≤ 0.5%            |
| Flexural strength    | ASTM C880 / C1161 | ≥ 10 MPa          |
| Compressive strength | ASTM C170         | ≥ 50 MPa          |
| Thermal expansion    | ASTM C531         | Stable            |
| Frost resistance     | ASTM C650         | Pass              |
| Slip resistance      | DIN 51130         | R9–R11, by finish |

## HAND-POURED GLASS

| TEST                | STANDARD            | RESULT    |
|---------------------|---------------------|-----------|
| Water absorption    | UNI EN ISO 10545-3  | ≈ 0%      |
| Thermal shock       | UNI EN ISO 10545-9  | Resistant |
| Frost resistance    | UNI EN ISO 10545-12 | Resistant |
| Chemical resistance | UNI EN ISO 10545-13 | Class A   |
| Colour resistance   | DIN 51094           | No change |
| Bond strength       | ASTM C482           | ≥ 350 kPa |

# Installation, site & care.

ANY COMPETENT TILING CONTRACTOR CAN FIX MESH-BACKED PANELS. THESE ARE THE CONDITIONS THE WORK NEEDS.

| ITEM            | REQUIREMENT                                                                                                                |
|-----------------|----------------------------------------------------------------------------------------------------------------------------|
| Substrate       | Flat, sound, dry and free of contaminants before any mosaic is fixed.                                                      |
| Waterproofing   | <b>Required</b> in showers, bathrooms, fountains and pools — a compliant tanking system applied and tested first.          |
| Adhesive        | <b>Epoxy required</b> for wet, outdoor and submerged work. White or light adhesive under translucent glass and pale stone. |
| Grouting        | Unsanded epoxy on glass, mandatory in wet areas and pools. Grout colour changes how the whole piece reads — sampled first. |
| Movement joints | <b>Mandatory</b> at perimeters, internal corners and every change of plane; silicone, never rigid grout.                   |

| ITEM               | REQUIREMENT                                                                                                  |
|--------------------|--------------------------------------------------------------------------------------------------------------|
| Slip resistance    | DCOF ≥ 0.42 interior wet, ≥ 0.60 exterior. Honed and tumbled finishes hold more grip than polished.          |
| Sealing            | <b>Required on marble.</b> Penetrating sealer before grouting, and on the cycle the site specifies.          |
| Cleaning           | pH-neutral cleaner and a soft cloth. Never acidic, abrasive or bleach-based on natural stone.                |
| Pool commissioning | Cure the adhesive and grout fully before filling; then balance the water before the surface is used.         |
| Delivery           | Crated by panel sequence with the setting-out key, material schedule and spare tesserae from the same batch. |

## Seven stages, one team, no hand-offs.

01

### Brief

Drawings, dimensions and references — with a site visit or a video walk-through where possible.

02

### Design, sketch & rendering

The composition drawn as a master sketch, then returned as a rendering in your own space — both at no cost.

03

### Material lay-up

The actual stones and glass cut and laid up physically, photographed for sign-off.

04

### Cutting drawing

Setting-out lines, panel divisions and a numbered key, coordinated with the site programme.

05

### Atelier production

Cut and set by hand at the bench, photographed at agreed stages so you watch it grow.

06

### Delivery

Crated by panel sequence with the key, schedule and spare tesserae from the same batch.

07

### Installation

Fitted by our team, or by your contractor with our drawings and remote supervision.

One contact, one drawing set, one record

Nothing is subcontracted. The atelier that draws it is the atelier that cuts it.

# Built for the way design studios actually work.

SUPPORT

- ◇ Named contact for the whole commission — design through installation
- ◇ Free master sketch and rendering of the mosaic in your space, for your client presentation
- ◇ Complimentary design consultation with our in-house interior designers
- ◇ Physical sample boards and material layouts for client meetings
- ◇ Specification, technical data and maintenance sheets for your file
- ◇ Site measurement and installation supervision

PROGRAMME

|                   |                             |
|-------------------|-----------------------------|
| Design & approval | <u>To confirm °</u>         |
| Production        | <u>To confirm °</u>         |
| Delivery          | Worldwide, free and insured |
| Minimum order     | <u>To confirm °</u>         |

Lifetime warranty

On materials and workmanship. Replacement tesserae from the original batch stay available against the commission record for years.

COMMERCIAL

- ◇ Trade pricing for architects, interior designers and contractors
- ◇ Fixed quotation against an approved drawing — no square-metre creep
- ◇ Staged payment aligned to design, production and delivery
- ◇ Spare tesserae from the same batch supplied with every commission
- ◇ Free insured worldwide shipping, direct from the atelier
- ◇ Satisfaction promise on the finished work

BEGINNING A COMMISSION

Send us a drawing  
and a reference.  
We will do the rest.

WHAT HELPS US QUOTE QUICKLY

- ◇ Finished dimensions, or a plan with a scale
- ◇ The surface it will sit on, and whether it is wet, submerged or exterior
- ◇ Reference images — anything from a photograph to a colour swatch
- ◇ The site programme, and when the mosaic is needed

Give us a drawing and a reference, and we will do the rest.

**LIFETIME WARRANTY**  
On materials and workmanship

## Bespoke mosaic, *made only once*
