POLISHED	ROMAN OLD TECHNIQUE	CUSTOM DESIGN
The surface worked flat and brought up to a lustre	Cut and laid in the ancient method — irregular tesserae, the surface left as the stone falls	Drawn to your own artwork or brief rather than taken from the catalogue

What the rate carries, and what it does not.

INCLUDED IN THE RATE

- ◇ Design development and the cutting drawing
- ◇ Master sketch and a rendering in your own space
- ◇ Hand-cutting and setting at the bench
- ◇ Mesh backing, numbered panels and a setting-out key
- ◇ Crating and insured worldwide shipping
- ◇ Spare tesserae from the same batch

NOT INCLUDED

- ◇ Installation, unless fitted by our own team
- ◇ Waterproofing, adhesive and grout
- ◇ Site preparation and making good
- ◇ Duties and local taxes where they apply

WHAT MOVES THE RATE

- Tessera scale
Finer cutting is more hours in the same square metre
- Colour count
More stones in a palette means more sorting and more waste
- Metal leaf
24k gold, white gold and copper are priced on the area used
- Area
Larger commissions carry a lower rate per m²

Rates are quoted against an approved drawing and hold for the commission — there is no square-metre creep once the drawing is signed off. A fixed quotation follows the master sketch, at no cost and with no obligation.
