THE ATELIER

Where Roman Craft Meets *Modern Design*

For over two thousand years, mosaic has transformed architecture through the meticulous placement of individual pieces of stone and glass. We preserve that traditional craftsmanship while adapting it to the scale, precision, and creative requirements of contemporary spaces.

Every project is made to order. Starting from a concept, artwork, logo, pattern, or architectural drawing, our designers develop a custom mosaic tailored to the project's exact dimensions, shape, colors, materials, and application.

Our artisans then bring the design to life one tessera at a time, using natural marble and glass to create pieces for interiors, exteriors, floors, walls, pools, hospitality spaces, commercial environments, and large-scale architectural installations.

From a single statement piece to a multi-surface project, we collaborate with architects, interior designers, developers, contractors, and hospitality professionals from concept and rendering through production and delivery.

Ancient technique. Contemporary design. Made entirely for your project.

INSIDE THE ATELIER

A rare look into the making of each commission.

Every mosaic is meticulously cut and set by hand by our artisans. Throughout the process, we document the work at the bench and share progress photographs with our clients — an intimate view of the craftsmanship as each piece takes form.

Art Made for the Water

Bespoke mosaics transform pools into distinctive architectural features. Designed to interact beautifully with water, light, and movement, each composition is handcrafted for its setting — from refined motifs and medallions to large-scale custom artwork. Created for submerged environments and tailored to the dimensions, palette, and vision of each project.

Functional Art, Made to Endure

Bespoke mosaics bring artistry and craftsmanship to benches, tabletops, and custom furniture pieces. Each surface is designed as a unique composition, tailored to the form, scale, and character of its setting. From refined decorative patterns to fully custom artwork, every piece transforms a functional surface into a distinctive design statement.

Crafted for Private Spaces

From feature walls and shower surrounds to floors and decorative details, bespoke mosaics introduce texture, artistry, and permanence to bathroom interiors. Each commission is tailored to its environment, allowing designers to carry a unique visual language across both intimate details and expansive surfaces.

A Statement in Stone & Glass

A mosaic backsplash brings craftsmanship into one of the most considered spaces of the home. From subtle patterns to fully bespoke compositions, each piece is designed around the architecture, material palette, and character of the interior. Handcrafted to create a focal point that feels entirely integrated with the space.

The Floor Sets the Room

A mosaic floor gives a space its character before anything standing in it is noticed. From entrance halls and lobbies to living rooms, courtyards and walkways, each composition is drawn to the room’s own dimensions and laid to its setting-out lines. Cut in natural marble for the traffic it will carry, and — outdoors — for frost, rain and sun.

CUSTOMISATION

Designed without limits. *Hand-cut for your project.*

Every commission is developed around your creative direction, architectural requirements, and material palette. From initial artwork and renderings to final production, each mosaic is made specifically for its setting.

FROM IDEA TO INSTALLATION

Seven stages, one team, no hand-offs.

- 01 Brief**
Drawings, dimensions and references — with a site visit or a video walk-through where possible.
- 02 Design, sketch & rendering**
The composition drawn as a master sketch, then returned as a rendering in your own space — both at no cost.
- 03 Material lay-up**
The actual stones and glass cut and laid up physically, photographed for sign-off.
- 04 Cutting drawing**
Setting-out lines, panel divisions and a numbered key, coordinated with the site programme.
- 05 Atelier production**
Cut and set by hand at the bench, photographed at agreed stages so you watch it grow.
- 06 Delivery**
Crated by panel sequence with the key, schedule and spare tesserae from the same batch.
- 07 Installation**
Fitted by our team, or by your contractor with our drawings and remote supervision.
