Marble & Glass
Mosaics
for *Luxury Interiors*
& *Exteriors*.

THE ATELIER

Where Roman Craft Meets *Modern Design*

For over two thousand years, mosaic has transformed architecture through the meticulous placement of individual pieces of stone and glass. We preserve that traditional craftsmanship while adapting it to the scale, precision, and creative requirements of contemporary spaces.

Every project is made to order. Starting from a concept, artwork, logo, pattern, or architectural drawing, our designers develop a custom mosaic tailored to the project's exact dimensions, shape, colors, materials, and application.

Our artisans then bring the design to life one tessera at a time, using natural marble and glass to create pieces for interiors, exteriors, floors, walls, pools, hospitality spaces, commercial environments, and large-scale architectural installations.

From a single statement piece to a multi-surface project, we collaborate with architects, interior designers, developers, contractors, and hospitality professionals from concept and rendering through production and delivery.

Ancient technique. Contemporary design. Made entirely for your project.

INSIDE THE ATELIER

A rare look into the making of each commission.

Every mosaic is meticulously cut and set by hand by our artisans. Throughout the process, we document the work at the bench and share progress photographs with our clients — an intimate view of the craftsmanship as each piece takes form.

 HAND-CUT

 HAND-SET

 MADE TO SPECIFICATION

 PROGRESS DOCUMENTED

Art Made for the Water

Bespoke mosaics transform pools into distinctive architectural features. Designed to interact beautifully with water, light, and movement, each composition is handcrafted for its setting — from refined motifs and medallions to large-scale custom artwork. Created for submerged environments and tailored to the dimensions, palette, and vision of each project.

Functional Art, Made to Endure

Bespoke mosaics bring artistry and craftsmanship to benches, tabletops, and custom furniture pieces. Each surface is designed as a unique composition, tailored to the form, scale, and character of its setting. From refined decorative patterns to fully custom artwork, every piece transforms a functional surface into a distinctive design statement.

ANY DIAMETER, ROUND, OVAL OR SQUARE

SUPPLIED AS A TOP OR ON A BASE WE FABRICATE

FROST-RESISTANT FOR TERRACE AND GARDEN

Crafted for Private Spaces

From feature walls and shower surrounds to floors and decorative details, bespoke mosaics introduce texture, artistry, and permanence to bathroom interiors. Each commission is tailored to its environment, allowing designers to carry a unique visual language across both intimate details and expansive surfaces.

💧 WATER ABSORPTION $\leq 0.5\%$

🔧 EPOXY ADHESIVE AND GROUT THROUGHOUT

🚶 WET-AREA SLIP RESISTANCE DCOF ≥ 0.42

A Statement in Stone & Glass

A mosaic backsplash brings craftsmanship into one of the most considered spaces of the home. From subtle patterns to fully bespoke compositions, each piece is designed around the architecture, material palette, and character of the interior. Handcrafted to create a focal point that feels entirely integrated with the space.

▣ GROUT JOINT ~1 MM

✂ EPOXY GROUT: NO STAINING FROM OIL, WINE OR CITRUS

▣ CUT AROUND SOCKETS, RAILS AND EXTRACTOR RETURNS

The Floor Sets the Room

A mosaic floor gives a space its character before anything standing in it is noticed. From entrance halls and lobbies to living rooms, courtyards and walkways, each composition is drawn to the room’s own dimensions and laid to its setting-out lines. Cut in natural marble for the traffic it will carry, and — outdoors — for frost, rain and sun.

CUSTOMISATION

Designed without limits. *Hand-cut for your project.*

Every commission is developed around your creative direction, architectural requirements, and material palette. From initial artwork and renderings to final production, each mosaic is made specifically for its setting.

01

SIZE

Made to measure

Produced to your exact dimensions and drawings, including large-scale formats, irregular outlines, curved edges, and site-specific configurations.

02

COLOUR

Tailored palettes

Select from an extensive palette of natural stone and glass, or develop a colour direction around your material, fabric, or finish references.

03

DESIGN

Bespoke artwork

Created from original artwork, photography, patterns, monograms, or your own design brief — developed specifically for the project.

What you specify, and what we decide together.

VARIABLE	RANGE	DECIDED BY
Size & shape	Any dimension, any outline — medallions, full walls, stair risers, pool floors, table tops, framed panels	Client drawing
Composition	Figurative, portrait, botanical, geometric, nautical, historical — or an original to your brief	Atelier, to brief
Palette	42 natural marbles · 6 engineered stones · full glass and metal-leaf range	Together
Tessera scale	Fine work for detail, broader cuts for distance — set against viewing range	Atelier
Surface finish	Polished, honed, Roman polished	Together
Edge & frame	Mesh-backed square edge, bevelled border, or a made frame	Together
Rendering	A free visual of the finished mosaic in your own space, before cutting	Atelier — at no cost

TECHNICAL

Everything a specifier needs, on one sheet.

FIGURES ROUNDED TO THE NEAREST WHOLE UNIT · TESTED AGAINST RECOGNISED STANDARDS, WITH BATCH CERTIFICATES ISSUED ON THE ORDER · EVERY MOSAIC WEATHERPROOF, INDOORS AND OUT

MATERIAL

Natural stone
Marble, onyx, travertine and granite, selected for vein before cutting. Thickness **5 mm**.

Hand-poured glass
Full-body colour, no cut edges to oxidise °. Thickness **4 mm**. Metal-leaf glass with 24k gold, white gold or copper sealed between layers.

Engineered quartz
Natural quartz aggregate bound with resin. Mohs 7, water absorption approximately 0.02%. Thickness **8 mm**.

Backing
Fibreglass netted mesh on every sheet and panel, so the trade fixes the tile and not the tessera.

FORMAT

Sheet size
300 x 300 mm nominal, joint ~1 mm. Panels numbered to a setting-out key.

Weight
Glass ≈ 10 kg/m². Stone 13–15 kg/m², by thickness.

Max single panel
to confirm ° — larger artworks split on the drawing and numbered.

Tolerance
Sheet within 1 mm; outline within to confirm °.

Applications
Walls and floors, interior and exterior, wet areas and fully submerged.

INSTALLATION

Substrate
Flat, sound, dry and free of contaminants before any mosaic is fixed.

Waterproofing
Required in showers, bathrooms, fountains and pools — a compliant tanking system applied and tested first.

Adhesive
Epoxy required for wet, outdoor and submerged work. White or light adhesive under translucent glass and pale stone.

Grouting
Unsanded epoxy on glass, mandatory in wet areas and pools. Grout colour changes how the whole piece reads — sampled first.

Movement joints
Mandatory at perimeters, internal corners and every change of plane; silicone, never rigid grout.

SITE & CARE

Slip resistance
DCOF ≥ 0.42 interior wet, ≥ 0.60 exterior. Honed finishes hold more grip than polished.

Sealing
Required on marble. Penetrating sealer before grouting, and on the cycle the site specifies.

Cleaning
pH-neutral cleaner and a soft cloth. Never acidic, abrasive or bleach-based on natural stone.

Pool commissioning
Cure the adhesive and grout fully before filling; then balance the water before the surface is used.

Delivery
Crated by panel sequence with the setting-out key, material schedule and spare tesserae from the same batch.

NATURAL MARBLE

TEST	STANDARD	RESULT
Water absorption	ASTM C373	≤ 0.5%
Flexural strength	ASTM C880 / C1161	≥ 10 MPa
Compressive strength	ASTM C170	≥ 50 MPa
Thermal expansion	ASTM C531	Stable
Frost resistance	ASTM C650	Pass
Slip resistance	DIN 51130	R9–R11, by finish

HAND-POURED GLASS

TEST	STANDARD	RESULT
Water absorption	UNI EN ISO 10545-3	≈ 0%
Thermal shock	UNI EN ISO 10545-9	Resistant
Frost resistance	UNI EN ISO 10545-12	Resistant
Chemical resistance	UNI EN ISO 10545-13	Class A
Colour resistance	DIN 51094	No change
Bond strength	ASTM C482	≥ 350 kPa

FROM IDEA TO INSTALLATION

Seven stages, one team, no hand-offs.

- 01 Brief**
Drawings, dimensions and references — with a site visit or a video walk-through where possible.
- 02 Design, sketch & rendering**
The composition drawn as a master sketch, then returned as a rendering in your own space — both at no cost.
- 03 Material lay-up**
The actual stones and glass cut and laid up physically, photographed for sign-off.
- 04 Cutting drawing**
Setting-out lines, panel divisions and a numbered key, coordinated with the site programme.
- 05 Atelier production**
Cut and set by hand at the bench, photographed at agreed stages so you watch it grow.
- 06 Delivery**
Crated by panel sequence with the key, schedule and spare tesserae from the same batch.
- 07 Installation**
Fitted by our team, or by your contractor with our drawings and remote supervision.

One contact, one drawing set, one record

Nothing is subcontracted. The atelier that draws it is the atelier that cuts it.

Built for the way design studios actually work.

SUPPORT

- ◇ Named contact for the whole commission — design through installation
- ◇ Free master sketch and rendering of the mosaic in your space, for your client presentation
- ◇ Complimentary design consultation with our in-house interior designers
- ◇ Specification, technical data and maintenance sheets for your file
- ◇ Site measurement and installation supervision

PROGRAMME

Design & approval	<u>To confirm °</u>
Production	<u>To confirm °</u>
Delivery	Worldwide, free and insured
Minimum order	<u>To confirm °</u>

Lifetime warranty

On materials and workmanship. Replacement tesserae from the original batch stay available against the commission record for years.

COMMERCIAL

- ◇ Trade pricing for architects, interior designers and contractors
- ◇ Fixed quotation against an approved drawing — no square-metre creep
- ◇ Staged payment aligned to design, production and delivery
- ◇ Spare tesserae from the same batch supplied with every commission
- ◇ Free insured worldwide shipping, direct from the atelier
- ◇ Satisfaction promise on the finished work
